**keyDM – your key to Sweden!**

**May we introduce a new member in the keyDM-team:  
Angelica Gustafsson!**

*"I have been travelling a lot and also lived abroad in different countries, but keep coming back to my beloved Sweden. I grew up in an archipelago village close to Stockholm and love being near the water.*

*Big interests are; **cooking, baking and wines** (I took a wine marketing course at a university in Australia). For that reason I am always updated with the latest in the restaurant business in Sweden. Did you know that Stockholm is the only city in Scandinavia with two restaurants having two stars in Guide Michelin 2011? If you are interested to find out which ones or just want the perfect restaurant match during your stay in Sweden...**you should contact me!***

*Stockholm is my hometown and I love it here, but Sweden is also so much more. One of my best vacations was high up north in Sweden, in a cottage, which we couldn't reach by car, but had to reach by snow scooter; we had no electricity and spent all days on snow scooters, doing some ice fishing, where we later on grilled the fish over open fire! Amazing!*

*I speak fluent Swedish, English, Spanish and German.*

*Warm welcome to Sweden!*

**keyDM top 5 June**
